

# C500

The widlaser C500 is designed to effectively respond to the needs of the laser engraving and cutting market. We have developed a compact, fast, robust, reliable and technologically advanced equipment. The compact dual-chassis design, allows you, to have all the necessary elements to properly function with the equipment in a single volume.

Its CleanProtect design, with special dust-proof and smoke-proof linear modules allows speeds and accelerations up to 3 times higher than conventional equipment. This way, we ensure that the C500 widlaser is always operational.

**Dimensions (L x W x H):** 1200 x 1010 x 1240 mm

Weight: 250 kg

Power Supply: 220v 50/60 10A

Laser: 60w CO2 tube

### The best lasers in the market

We have a full range of lasers available through partnerships with the best brands in the market.

### Easy to use software

User-friendly software with powerful tools, suitable for beginners or professionals.

### **Endless applications**

Cut and engrave several materials with one single process. Autofocus to facilitate use.

### **First-class materials**

Thanks to the intelligent and robust design of the laser machines, we guarantee the reliability, precision and robustness.

# main specifications

- 60w CO2 laser
- 1 x 1 mm Minimum Letter Size
- 90.000 mm/min of maximum speed
- AI, DST, PLT, BMP, DXF Files
- · User-friendly software
- Automatic temperature control
- Smoke extraction system
- USB and Network connectivity
- Automatic air control

# working Area

- 700x500mm Working area
- 150mm adjustable in height
- Auto-Focus
- Removable blades
- Honeycomb table
- Drawer for collecting objects/waist

## options

- 30w CO2 RF Lasers
- Rotary adaptors
- 2 inches lens
