BOARD CUTTER

The Europa is our standard cutting rail and lowest price cutting solution but this is no entry level product. The unique multi cavity, single extrusion design is lightweight and guaranteed straight to 0.4mm (.016"). It is portable and offers an inbuilt rigidity allowing us to produce cutters up to 5m (200") long.

The Europa is available in 10 sizes:

- 60cm (24") •100cm (40")
- 150cm (60") •200cm (80")
- 250cm(100") •300cm (120")
- 350cm (140") •400cm (160")
- 450cm (180") •500cm (200")

3 Standard blades:

- Utility Blade • Textile Wheel
- Acrylic Scoring Blade

FEATURES INCLUDE

- The cutter rail extrusion offers accuracy of 0.4mm (.016") over the length of the cutter.
- Two full length silicone grip strips on the base aid clamping and help protect the surface of the material being cut.
- A 5 year guarantee on all parts except blades and cutting wheels and a 20 year guarantee on the cutting head bearings.

CUTTING CAPABILITIES

- Acrylic (Score and snap) • Cardboard • Foamboard • Banners • Fabric and textiles • Corrugated plastic
- Polystyrene • Foamboard • Magnetic sheet • Self adhesive vinyl • Inkjet Media • Film • Paper
- PVC Foamboard

Plus many more... We will produce a test cut on request for any of these as well as materials not mentioned.

The **Europa** can be used on an existing work surface or alternatively it can be paired with one of our purpose built **Atlas Tables** to create the perfect cutting station.
