SAFETY STRAIGHT EDGE

The Artemis safety straight edge is a simple and effective solution to assist in the safe cutting of many of the materials used in the modern Sign and Graphics industries.

The Artemis is available in 6 sizes:

- 60cm (24") •100cm (40") •150cm (60") •200cm (80")
- 250cm(100") •300cm (120")

FEATURES INCLUDE

- Engineered in extruded aluminium and anodised for lasting protection.
- Specially shaped to help focus downward pressure on clamping the work piece and to protect the fingers against any tool slippages
- Two full length silicone grip strips on the base aid clamping and help protect the surface of the material being cut.
- A full-length metric/imperial scale is fitted along the front edge and a press fit stainless steel bead helps to protect the aluminium edge from blade damage.
